

Call for Abstracts

You are invited to submit an abstract (in English or French) starting now and until **May 31st 2016**. Abstracts should be limited to **350 words**, excluding the title, authors' names, and affiliations. The abstract must contain all the following sections: Introduction, Methods, Results, Discussion and a maximum of 5 references. Section headings do not have to be explicit, but the abstract must contain a sufficiently detailed description of methods and results. Clinical researchers and graduate students are encouraged to submit papers. Ongoing research can also be submitted.

You have until May 31st to submit or modify your abstract proposal. No revisions will be accepted after this date.

When choosing topics, authors should note their préférence for an oral presentation, a poster presentation, or both.

Important Dates:

April to May 31st: Abstract submissions

Mid-July: Notification of acceptance

Mid-July to Mid-September: Early-bird registration

Mid-September to October 31st: Regular registration

After this date, participants will register on site only.
